This is just the start. Wait till mine is filed. Then chads rics etc.  
Now continue going around telling people how u r going to take me down  
! Go ahead.

Mountains of evidence against all of u. Including u Shane. Told u  
watch the people around u who seem to be your friends. They are not.  
Did you really think u r going to get away with all of this? Stealing  
my company suing my family and putting all of that bs out there  
against me?  
Calling me a fraud? Fuck u thieves and the real frauds.  
Wait till u see everything and who I will sue.

And old "buddy" Bruce next time watch who u tell:  
"I am going to take Paul down at whatever expense" be careful of who u  
say it to lol

And Franco u scum u sued me for what? I don't even know u and u never  
even gave me a penny. Watch how I will expose u and your life for  
what u did. U think it's not obvious what u do in Thailand?think  
these guys are going to protect u when they have to protect themselves  
from the litigation ? Hahaha

Lastly Greg....well just wait till u see what I will file by Friday of  
next week. Of course all with evidence and exhibits.

Have a nice weekend u bastards. Now let's see who is laughing.

Happy Father's Day to all of u!  
Try to enjoy with your wives and kids before they are all served with  
the copy of this lawsuit and the rest.
